CELEBRATE WITH US!

**75
YEARS**

HERE WE GROW AGAIN!

PLAYHOUSE RENOVATION

The 2000 sq.ft. former theater is being transformed into a flexible use space that will include the expansive stage, classrooms and event space that includes the beautiful patio overlooking Porter Creek.

Construction on Phase 2 is scheduled to begin mid-May!

Details on the plans and to see how you can be part of this legacy project can be found at bayarts.net/playhouse

RESTORATION OF THE FULLER HOUSE

The Irene Lawrence Fuller House is 130 years old and in need of a face lift. Known as the house that floated on the barge to its current location (1984), the Fuller House was completely restored in 2010 to become the heart of BAYarts campus events, premiere gallery exhibitions and community gatherings.

What a perfect 75th birthday gift!

A LETTER FROM OUR PARTNERS

Growing Together: BAYarts Sensory Garden

Ground Works Land Design is thrilled to share that in mid-January we finalized the outdoor design plans for the BAYarts Sensory Garden. The BAYarts Sensory Garden will be an innovative outdoor classroom and gathering space for all that appeals to the five senses. Phase one will include laying decorative stamped concrete to offer full accessibility without discrimination. The updated plans also include a butterfly garden, interactive planters, outdoor art, vibrant plant life, custom landscape lighting and more. The Sensory Garden is slated to be complete by Moondance 2023.

Our President & Founder, Tony Nasrallah, resides right here in Bay Village. In fact, Nasrallah was born and raised in Bay and has memories of visiting the BAYarts campus as a kid, which is now where his son, Leon, participates in various art classes. To Ground Works, BAYarts is community.

Tony believes in the future of BAYarts – so much that he has kick started the donation process with a \$10,000 personal pledge. If you're in a position to do so, please consider donating to the project at bayarts.net/donate. With supply and labor costs still on the rise, every ounce of support will help make this garden project possible.

For more information about the BAYarts Sensory Garden visit bayarts.net/garden.

Join us in congratulating BAYarts on 75 years. We look forward to growing together and we can't wait to unveil the Sensory Garden to the public this summer.
